PROFESSIONAL SUMMARY

Angular Developer with Nearly 3.5+ years of experience developing enterprise web and mobile applications using Angular, TypeScript, JavaScript, Ionic, Java, Spring Boot, and REST APIs. Skilled in building responsive user interfaces, reusable components, secure authentication, and integrating frontend applications with backend REST APIs. Working knowledge of Java and Spring Boot with experience in Agile software development.

SKILLS

- **Programming Languages:** Java (Working Knowledge), TypeScript, JavaScript (ES6+), SQL
- **Frontend Frameworks & Libraries:** Angular (v14+), Angular Material, RxJS, Signals, Ionic
- **Backend:** Spring Boot (Working Knowledge), REST APIs, JSON
- **Angular Expertise:** Reactive Forms, Dynamic Forms, Angular Routing, Route Guards, Dependency Injection, Component Lifecycle Hooks, Lazy Loading, Virtual Scrolling, Reusable Components
- **Web Technologies:** HTML5, CSS3, Bootstrap
- **Build & Development Tools:** Webpack, Git, Bitbucket, Postman, Jenkins
- **Testing Frameworks:** Jasmine, Karma
- **AI & Emerging Technologies:** GitHub Copilot, LLM-Assisted Development
- **Security:** JWT Authentication, Session Management, Role-Based Access Control (RBAC)
- **Development Practices:** SPA Development, Responsive Web Design, Cross-Browser Compatibility, Performance Optimization
- **Methodologies:** Agile Scrum, SDLC, Code Reviews, Requirement Analysis, Client Collaboration
- **Database:** MySQL, PostgreSQL

PROFESSIONAL EXPERIENCE

Gemba Concepts Pvt. Ltd.

Software Developer Engineer | Bengaluru, Karnataka

Jun 2025 – Apr 2026

- Built Angular enterprise applications integrated with Java Spring Boot REST APIs for configurable business workflows.
- Designed reusable Angular components, dynamic forms, shared libraries, and responsive user interfaces.
- Integrated Angular Material, Reactive Forms, RxJS, Routing, and REST APIs to deliver scalable enterprise applications.
- Implemented JWT Authentication, Session Management, and Role-Based Access Control (RBAC).
- Enhanced Inventory, Production, Purchase, Sales, and Logistics modules supporting 300+ enterprise users.
- Collaborated with backend developers, QA engineers, consultants, and clients during requirement analysis, sprint planning, testing, and production support.
- Utilized Git, Bitbucket, Jenkins, Jira, Postman, GitHub Copilot, and CI/CD pipelines for development and release activities.

Swan Softweb Solutions

Angular Developer | Ahmedabad, Gujarat

Mar 2024 – Apr 2025

- Built enterprise web and mobile applications using Angular, Ionic, and Java Spring Boot REST API integrations.
- Upgraded applications from Angular 14 to Angular 16 by resolving compatibility issues and updating project dependencies.
- Maintained enterprise modules supporting 5000+ users across Student, Teacher, Parent, and Admin portals.
- Configured Angular Routing, Route Guards, Reactive Forms, RxJS, JWT Authentication, RBAC, and REST API integrations.
- Created reusable Angular components and responsive user interfaces based on business requirements.
- Executed unit testing using Jasmine and Karma to improve application reliability.

Tadvid Info Technologies

Software Engineer | Ahmedabad, Gujarat

Aug 2022 – Dec 2023

- Delivered web and mobile applications using Angular, Ionic, TypeScript, JavaScript, and backend REST API integrations.
- Built reusable dashboards, workflow-driven modules, alerts, and UI components for agriculture-focused enterprise applications.
- Connected weather, soil, and crop information through REST APIs to enable real-time monitoring and operational insights.
- Enabled offline support, push notifications, responsive layouts, and seamless API communication across web and mobile applications.
- Partnered with cross-functional teams during requirement analysis, development, testing, deployment support, and application maintenance.

EDUCATION

DDB & KNG College

Bachelor of Computer Applications (BCA) | Amreli, Gujarat

2019 – 2022
