PROFESSIONAL SUMMARY

Ionic & Angular Developer with 3.6+ years of experience delivering responsive web and mobile solutions using Angular, Ionic, TypeScript, JavaScript, RxJS, and REST APIs. Strong background in reusable UI development, form handling, routing, authentication, and API-driven workflows, with hands-on exposure to Capacitor, Android and iOS builds, and mobile deployment. Comfortable working across development, testing, debugging, and production support in Agile teams.

SKILLS

- **Frontend:** Angular, Angular Material, TypeScript, JavaScript (ES6+), HTML5, CSS3, Bootstrap
- **Mobile:** Ionic Framework, Capacitor, Cross-Platform Mobile Development, Responsive Mobile UI, Push Notifications
- **Angular:** RxJS, NgRx, Reactive Forms, Dynamic Forms, Routing, Route Guards, Lazy Loading, Reusable Components, State Management
- **APIs & Services:** REST APIs, JSON, Firebase APIs
- **Testing:** Jasmine, Karma, Unit Testing
- **Build & Deployment:** Android Studio, Xcode, Android Builds, iOS Builds, Mobile Application Deployment, Webpack, Jenkins
- **Tools:** Git, Bitbucket, Jira, Postman, VS Code, Prettier
- **Security:** JWT Authentication, Session Management, Role-Based Access Control (RBAC), Fingerprint Authentication
- **Development Practices:** Agile Scrum, SDLC, Code Reviews, Requirement Analysis, Debugging, Performance Optimization, Production Support
- **Backend:** Java (Working Knowledge), Spring Boot (Working Knowledge)

PROFESSIONAL EXPERIENCE

Gemba Concepts Pvt. Ltd.

Software Developer Engineer | Bengaluru, Karnataka

Jun 2025 – Apr 2026

- Worked on enterprise web and mobile applications using Angular, Ionic, TypeScript, RxJS, and REST APIs.
- Developed reusable components, dynamic forms, data tables, and shared functionality across business modules.
- Contributed to Inventory, Production, Purchase, Sales, and Logistics workflows used by 300+ active users.
- Implemented routing, form validation, API integration, authentication, and role-based access across application modules.
- Used RxJS for asynchronous operations and communication between application screens and backend services.
- Worked on application debugging, performance improvements, testing, deployment, and production support.
- Collaborated with backend developers, QA teams, consultants, and clients during requirements, code reviews, and releases.

Swan Softweb Solutions

Angular Developer | Ahmedabad, Gujarat

Mar 2024 – Apr 2025

- Worked on Angular and Ionic applications for web and mobile user workflows.
- Developed reusable components, responsive screens, forms, dashboards, and navigation flows.
- Integrated Capacitor for fingerprint authentication and interaction between web application flows and native mobile apps.
- Implemented app-launch functionality to open the installed mobile app or redirect users to Google Play Store and Apple App Store based on device.
- Upgraded Ionic applications across major versions and resolved compatibility issues during framework updates.
- Handled Android and iOS application builds and deployment using Android Studio and Xcode.
- Supported applications used by 5000+ users and performed unit testing with Jasmine and Karma.

Tadvid Info Technologies

Software Engineer | Ahmedabad, Gujarat

Aug 2022 – Dec 2023

- Worked on Angular and Ionic applications for web and mobile platforms using TypeScript, JavaScript, RxJS, and REST APIs.
- Developed dashboards, forms, alerts, reusable components, and workflow-based screens.
- Integrated external data sources to provide real-time information across application dashboards and workflows.
- Implemented push notifications and mobile alert functionality for application events.
- Added language switching to support multilingual application experiences.
- Assisted with Android and iOS builds, deployment, debugging, and application maintenance.

EDUCATION

DDB & KNG College

Bachelor of Computer Applications (BCA) | Amreli, Gujarat

2019 – 2022
